Washburn-Lyle Drug Co. Is Awarded Ferrolax Agency

Demonstration of the New Discovery Is Being Held at Washburn-Lyle Drug Co.—Public Invited to Call.

Final arrangements for the sale of Ferrolax in Memphis were perfected yesterday, and the announcement that such a well-known and popular store as Washburn-Lyle Drug Co. is to have the sale of this medicine will meet with general approval.

W. M. Jones, the Ferrolax expert, who comes direct from the Ferrolax laboratories in Atlanta, will be on hand and will gladly give the public any information regarding this wonderful preparation.

The management extends a cordial invitation to the public to come in and learn about the wonderful medicinal properties of Ferrolax, and to those who are in need of a dependable medicine it gives quiet, invigorating relief to those who suffer from a weak, run-down condition, stomach, liver or kidney disorders, or those ailing ones whose blood needs purifying. Ferrolax has proven a blessing to thousands of sufferers, and if it has done so much for others who suffered as you do, it certainly may confidently be expected to do the same for you.

A trial bottle of this medicine will convince any man or woman that Ferrolax is an energetic and powerful medicine that will do just what is claimed for it.

Get a bottle of Ferrolax today. Take the whole bottle according to directions and if it does not do you the good you want done, come in and get your money back. Your bare word is good enough for us.

Ferrolax is sold in Memphis by Washburn-Lyle Drug Co.

DOCTORS FIND REMEDY FOR COLDS AND FLU

Calotabs, the New Nauseless Calomel Tablets, Cut Short Colds and May Prevent Flu by Keeping Liver Active.

Physicians have learned from experience, during the epidemic of influenza, that one of the most important factors in the prevention of flu and pneumonia is to keep the liver active so that the digestive organs may be in perfect working order and the system thereby enabled to throw off colds, check sore throats, and resist serious complications. For this purpose they have found that the new, nausealess calomel tablets called Calotabs, are far more effective even than the old style calomel, which was formerly the universal favorite, as Calotabs do not weaken the patient, nor interfere with the appetite and digestion.

At the first sign of a cold or sore throat, doctors recommend one Calotab at bed time with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your diet, pleasure, or work. Next morning you wake up feeling fine, your liver is active, and your appetite is seen for a good breakfast.

For your protection Calotabs are sold only in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calotabs. Your money back if you are not delighted with them.

Naval Band Will Aid Rotary Club's Brilliant Dance

Plans for the most magnificent entertainment yet attempted by the Rotary club are being made here for the dance which the organization will give at the Hotel Chalmers next Friday night. It is expected that every one of the 250 members will be there and that the total list of guests will be greatly augmented by specially invited guests.

A feature of the affair will be the concert and dance music to be rendered by the United States naval band, recruiting band, in charge of Lieut. L. H. Robb, at the head of recruiting in Tennessee, and under the direction of Bandmaster Moravcs.

The appearance of this band will bring a return of the compliments paid to Rotarians in the recent entertainment campaign conducted to secure national of this state for the U. S. S. Tennessee, and the work the local Rotarians attempted. There are 25 plans in the organization.

The dance is being arranged by R. W. Ruch, chairman of the Rotary entertainment committee. Assisting him is Rolling Rides, through whom first communications relative to the affair players visit came.

BRAZILIAN PIANIST AT GOODWYN SATURDAY

All pianists, teachers as well as pupils and those who live the music of that instrument are keenly anticipative of the appearance of the wonderful young Brazilian artist, Gylmar Novais, Saturday afternoon at the Goodwyn institute. She is the second offering of the series of recitals brought here by the Memphis Musical bureau under the management of Mrs. Jason Walker. The recital will start promptly at 2 o'clock, thus enabling out-of-town people to catch their trains without missing any number.

This young artist, who is a mere girl, made one of the most remarkable hits when she first appeared in New York and was in recent times. The critics raved over her as they rarely do, which was indicative of something far from the ordinary. She is one of a family of about 15 children in Brazil and had been given a musical education in France by her home government in recognition of her talent.

Her playing in this country for the past two years has not diminished her fame, but has increased it and her appearance here will be one of the real events of the busy season in music. The program announced will give her to give a fine demonstration of her playing.

GRAND JURY FOREMAN IS PRESENTED SIGNET RING

JOHN E. THOMAS.

As a mark of respect for the man and as a token which will forever recall to his mind the close personal association during their term of office as grand jurors, J. W. Hughes, on behalf of the members of the retiring St. Louis county grand jury Friday presented to the foreman, John E. Thomas, a signet ring set with diamonds.

The presentation occurred at the close of business Friday, which marked the end of the term for all of the grand jurors except Mr. Thomas who is appointed as foreman for a term of two years. The presentation of the ring came as a complete surprise to him.

Mr. Thomas and the gift, simply presented in the name of all the men who composed the grand jury for the St. Louis term, was accepted by Mr. Thomas with thanks.

TO BROADEN POWER OF RECREATION COMMISSION

Mayor Paine will have a new ordinance drawn under which the powers and duties of the city recreation commission will be broadened and enlarged. Instead of nine members, as at present, there will be probably 12 or more, so that the work may be subdivided and put in charge of subcommittees.

For the past two years the members of the commission have worked largely in co-operation with the association of amateurs in fostering outdoor sports for boys, although competent young women have been employed to supervise several of the public playgrounds in the parks.

It is the intention of the mayor to name a number of women on the new commission, who will have special charge of the establishment of community centers in the school buildings, and of providing healthful amusement for girls and young women. No appointment will be made upon the commission until the final passage of the new ordinance.

HERE'S CELESTIAL HAS SENSE OF HUMOR

A Chinaman with a sense of humor? One might well expect green turtle soup to have been made of terrapin. One must not demand too many Eastern virtues of the Oriental. Bret Harte, who rubbed a journalist's shoulder with the bores of early California, has this to say of John Chinaman: "The expression of the Chinese face in the aggregate is neither cheerful nor happy. Whether it is a modification of Turkish activity, we cannot say. They seldom smile, and their laughter is of such an extraordinary and sardonic nature—so purely mechanical, spasmodic, quite independent of any mirthful that to this day I am doubtful I ever saw a Chinaman laugh. Long Tack Sam, at the epitaph, is the exception to prove the rule. His manner of chuckling, his contortions, jurglers, magicians, musicians and tumblers can not help exclaiming, 'Hiccup and wonder.' But it is smiling, chaffing, jocular Long Tack Sam himself who wins hearts—and the responsive laughter of his audience. For he makes the act a continuous full-laden of jokes and quips, sotto voce imitations, parodies and grotesque foctery.

BE MODERATE AND LIVE OVER 70 YEARS

NEW YORK, Jan. 15. (By International News Service).—Don't worry and be moderate in all things if you want to live to be 70 or more. This longevity recipe was given recently by Dr. George L. Meylan, director of the Columbia university gymnasium, after an investigation of the modes of life of those who live long and those who die prematurely.

"There is abundant evidence," said Dr. Meylan, "to justify the belief that the average duration of life could be increased from 10 to 20 years by the general adoption of the principle, moderation in all things. Deaths from infectious diseases and violence are to be expected."

Speaking of the characteristics of people 70 years and older, Dr. Meylan finds that they do not worry, have a happy disposition and eat, drink, exercise and enjoy themselves moderately.

"There is the opposite conditions," added Dr. Meylan, "are found almost invariably in persons between 30 and 70 years who suffer from organic disease of the nervous, digestive, excretory or circulatory systems and premature senility, but the vicious circle of unhygienic living usually includes overstimulation, excesses in pleasure, abuse of drugs and worry."

SMUGGLES WHISKY IN CHRISTMAS TREES

NEWARK, Jan. 15. (By International News Service).—Whisky has been smuggled into the United States from Canada in shipments of Christmas trees, according to an agent of the internal revenue office here.

"The large number of Christmas trees in the market this season has been explained in many ways," the agent said, "but I have learned that thousands of them came in from Canada, and it is said that whisky was concealed in the shipments. Of course, the tree dealers never saw the whisky. It was taken out before the shipments reached them, but that's the inside story of the glut of Christmas trees on the market."

CATCHES EAGLE WITH 8-FOOT WING SPREAD

WINSTED, Conn., Jan. 15. (By International News Service).—An American eagle having a wing spread of nearly eight feet is in captivity at the farm of Bryan Stratton at Harland, Conn., having been caught in a trap. He has offered the bird to the City park at Springfield, Mass.

NUXATED IRON

"Say, Doctor, This Prescription Works Like Magic."

Physician Says Nuxated Iron Quickly Puts Astonishing Strength and Energy into the Veins of Men and Brings Roses to the Cheeks of Nervous, Run-Down Women.

Ask the first hundred strong, healthy people you meet to what they owe their strength and see how many reply "Nuxated Iron." Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says: "Thousands of people suffer from iron deficiency but do not know what to take. There is nothing like organic iron—Nuxated Iron, to enrich the blood, make beautiful, healthy women, and strong, vigorous iron men. To make absolutely sure that my patients get real organic iron and not some form of the metallic variety, I always prescribe Nuxated Iron in its original packages. Nuxated Iron will increase the strength and endurance of weak, nervous, run-down folks in two weeks time in many instances."

MANUFACTURER'S NOTE: Nuxated Iron recommended above by Dr. Sullivan can be obtained from our good druggist with or without a physician's prescription in an absolute manufacturing guarantee of success in every instance.
